REFERENCES

Dominic Bure : 062 591 9586

Johann van der Westhuizen : 083 775 4591

Gregori Marzio : 083 471 9481

My job roles were to build and maintain existing codebases as well as writing functional specs documents. I've been lucky to have worked on a few brands such as Ola,Purity,WhatsForDinner,Unileverhealth and Bright future.

EDUCATION

Information Technology & Computer Science

NCV False bay college

L4

Data Communication and Networking

Multimedia Service

Computer programming

System analysis and design

ABOUT ME

I have always had a passion for learning and trying new things. I consider myself a hardworking and reliable person. I like applying new methods and ideas to traditional problem solving. I Also enjoy working on new and exciting projects that allow me to express my creativity and opinions. I consider myself a team player and able to cope with a deadline and a high-pressure environment
